

### REMARKS

In response to the Office Action dated February 22, 2005, Applicant respectfully requests reconsideration based on the above amendments and the following remarks.

Applicant respectfully submits that the claims as presented are in condition for allowance.

Claims 1-11, 23 and 28-31 were rejected under 35 U.S.C. § 103 as being unpatentable over Do in view of Nilsen. This rejection is traversed for the following reasons.

Claim 1, as amended, recites "wherein displaying the data in a graphical format includes displaying call information for a serving cell site and neighboring cell sites, the displaying including displaying color coded markings indicative of received signal strength at the serving cell site and the neighboring cell sites." This feature is shown in Applicant's Figure 5 and discussed on at least page 17, lines 3-15 of Applicant's specification. Neither Do nor Nilsen teach or suggest this element.

For at least the above reasons, claim 1 is patentable over Do in view of Nilsen. Claims 2-11 variously depend from claim 1 and are patentable over Do in view of Nilsen for at least the reasons advanced with reference to claim 1.

Independent claim 23 recites features similar to those discussed above with reference to claim 1 and is patentable over Do in view of Nilsen for at least the reasons advanced with reference to claim 1. Claims 28-31 variously depend from claim 23 and are patentable over Do in view of Nilsen for at least the reasons advanced with reference to claim 23.

Claims 1-11, 23, 28-32 were rejected under the judicially created doctrine of obviousness-type double patenting. Submitted herewith is a Terminal Disclaimer overcoming this rejection.

Claims 33-36 have been added to provide additional features related to the displaying of the data.

In view of the foregoing remarks and amendments, Applicant submits that the above-identified application is now in condition for allowance. Early notification to this effect is respectfully requested.

If there are any charges with respect to this response or otherwise, please charge them to Deposit Account 06-1130.

Respectfully submitted,
